October 9, 2018

Dear Parents/Guardians:

Unfortunately over the past several years there has been an increase in school violence. Thus, it is imperative to continually train staff and students on procedures that can help them to be safe in our school and communities. Students in grades K-12 went through intruder training today at school called ALICE. This was taught on appropriate age-levels.

Kids were taught in realistic terms what to do in case of danger. ALICE training is much like a fire drill or a tornado drill. Its purpose is to prepare students for life inside and out of the classroom. The ALICE concepts are the same at school, home, the mall, restaurants, church or any other place the child goes. We are teaching a lifelong safety skill. Please take a moment to discuss with your child what they learned today. If you have any questions, please feel free to contact the school. We appreciate your support.

Mr. Korey Miles

Ms. Dee Flint
